

SPARC (Santa Paula Animal Rescue Center) is a 501 (c) (3) non-profit organization and is the first and only no-kill animal shelter in Ventura County. SPARC is a place where homeless animals are brought for humane care without risk of being euthanized for lack of space, illness, or injury. SPARC is actively saving lives by rehabilitating and re-homing animals, at the same time partnering with the community to educate the importance of spay/neuter and vaccination programs. To truly deliver on our no-kill mission, SPARC relies on generous contributions from other passionate animal lovers and advocates.

Below is a list of items that are frequently needed and used at SPARC that are welcomed at any time to be dropped off in person.

- Litter (clumping or non-clumping)
- Bedding (blankets and towels)
- Dog, puppy, cat, and kitten food (un-opened and not expired)
